B.

- EXPERIENCE:
- ADMINISTRATIVE-
- Medical Director for the Administrative Department of Ambulatory Care Services.
- Ambulatory Care Services include Emergency, Walk-In, Primary Care, Sub-Specialty, Sub-Specialty-followup, Orthopedic-Cast, Day Surgery and Multi-test Units.
- The position includes responsibility for all phases of operation including design, planning, staffing, clinical and fiscal integrity.
- The position reports directly to the Chief Executive Officer of the hospital through his assistant in charge of clinical services.

- Developed the Department of Ambulatory Care Services into an independent Administrative Department.
- Developed each of the units within the Department of Ambulatory Care Services into an independent unit with its permanent full-time staff and separate cost center.
- Developed the role and job descriptions for the following full-time positions.
 - a) Chief of Ambulatory Services to be on a par with other clinical chiefs.
 - b) Administrative Director of Ambulatory Care Services to be on a par with other administrative department heads.
 - c) Clinical Director of Ambulatory Care Nursing to be on a par with other nursing clinical directors but accountable directly to the Chief of Ambulatory Services. Ambulatory Care Nursing is an independent nursing unit with a liaison relationship to Hospital Nursing.
 - d) Chief of Emergency Services
 - e) Medical Director of Primary Care Services
 - f) Emergency Unit Staff Physicians
 - g) Primary Care Unit Staff Physicians
 - h) Head Nurse and Assistant Head Nurse for all Ambulatory Care Units
 - i) Chief Technicians for Orthopedic and Multi-test Units
 - j) Clerical Supervisor for Ambulatory Care Services
 - k) Permanent Part-time Sub-Specialists
 - l) Nurse Practitioner in Ambulatory Care.
- Transformed the Emergency Unit with its traditional rotating attending staff and patient volume of 23000 visits per year to a prototype for the community teaching hospital with regards to staffing. The Emergency Unit now sees 35000 patients per year - admits 4500 patients per year and is staffed by a full-time Chief of Emergency Services and 5 full-time staff physicians - all career oriented in Emergency Medicine, and 6 house officers.
- Transformed the traditional OPD with its voluntary attending staff and patient volume of 4000 visits per year to a prototype for the community teaching hospital with regards to format. The OPD now consists of Primary Care, Walk-In, Sub-Specialty and Sub-Specialty follow-up Units sees 25000 patients per year and is staffed by full-time physicians of appropriate training skills and house officers.
- Initiated an Ambulatory Surgery Unit which is now handling almost 2000 cases per year.
- Upgraded the Orthopedic-Cast Unit by writing new job descriptions for its full-time technicians - now seeing close to 4000 cases per year.
- Supervise a Multi-test Unit for the performance of routine admission and other diagnostic tests by Multi-disciplinary technicians - now handling about 140 patients per day.
